Directions:

1. Index cards with vocabulary words are laid out on the table.
2. Student #1 selects a card, reads the word, and says its meaning.
3. Student #2 will select a card, read the card, and then create a 7-up sentence combining the two words.
4. The students will connect arms.
5. Student #3 will select a card, read the word, and then make a 7-up sentence connecting their word to either student #1 or #2.
6. He will connect arms with the student whose word he chose to connect to.
7. Student #4 will choose a card, read the word, create a sentence with the word of a student who has an open arm to connect to.
8. The process continues until all students are connected with both arms.
